---

The President of the Public Servants Association (PSA), Dr Lufuno Mulaudzi, in partnership with Chief Mudimeli and the Traditional Council will be donating a wheelchair in Mudimeli Village in Limpopo on 27 November 2020.

The PSA, as part of the Union's 2020 centenary events, has already donated twelve wheelchairs to assist identified beneficiaries across the country to improve their quality of life by being mobile.

As the 'Union with a Soul', the PSA embarked on numerous community projects over the years ranging from the donation of school uniforms and classrooms, fencing and toilets, planting of trees and food parcels. The spirit of community upliftment and changing people's lives continues even stronger in the face of the COVID-19 pandemic. The PSA President took a personal interest in the project and personally sponsored the wheelchair that will be donated Mudimeli Village.

Dr Mulaudzi and and Chief Mudimeli will officially hand over the wheelchair on Friday, 27 November 2020 at 12:00 in Mudimeli Village with due consideration of COVID-19 protocols. Media houses are invited to join the PSA and Chief Mudimeli during this occasion.
