

INFORMUS

FOR PSA MEMBERS: DEPARTMENT OF ENVIRONMENTAL AFFAIRS, FORESTRY AND FISHERIES - CAPE TOWN

14-05-2021

Update: Branch Oceans and Coasts

Following an investigation sanctioned by the Minister, the service provider "Mediate Works" made a number of recommendations for the Minister's consideration. One of those recommendations was that the Branch: Oceans & Coasts, should deal with issues of diversity and inclusion.

The Director-General has to set up a Diversity and Inclusivity Committee to assist in driving the process. Members are encouraged to peruse the Terms of References (*attached*) which will be used by the Committee and give inputs. It is important that all PSA members participate in this process to ensure that we cover all angles and ensure that the change we aspire to, happens.

Members are requested to submit their inputs to Kgomo C. MOELA at KMoela@environment.gov.za for consolidation and submission by no later than **17 May 2021**.

GENERAL MANAGER
