Feedback: Departmental Bargaining Council (DBC) - 29 March 2021

Draft functional structure

It was previously reported to members that owing to the reconfiguration process, the Department would redesign the organisational and functional structure to align with the new mandate. The employer presented a draft functional structure to outline the functions related to newly added sectors of the Department, i.e. Youth and Persons with Disabilities.

Members are requested to provide inputs to the draft functional structure, which is available from PSA Provincial Offices and peter.mngomezulu@psa.co.za, to peter.mngomezulu@psa.co.za or Mulalo.Mulaudzi@women.gov.za by **9 April 2021**.

Members will be updated on the developments.

The PSA wants to take this opportunity to wish all employees who are unwell owing to COVID-19 and speedy recovery.
