

FOR PSA MEMBERS: SOUTH AFRICAN SOCIAL SECURITY AGENCY (SASSA) - EASTERN CAPE

18-06-2021

## COVID-19 confirmed positive care at SASSA, Matatiele

The PSA was alerted of a COVID-19 case at SASSA in Matatiele. The shop steward reported that the manager called the Department of Health immediately to test other employees who were on duty, and she further released them from work. The office is now closed for fumigation and employees will report for duty on Monday.

The PSA appreciates the SASSA management's swift response in protecting employees' lives by ensuring that the infection does not spread. The PSA will monitor developments relating to reported cases and implementation of COVID-19 protocols to ensure the protection of employees. Screening must be maintained with temperature scanning whilst wearing of masks, sanitising, washing of hands with soap, avoidance of social gatherings and crowded places and observation of social distancing must be maintained.

Shop stewards and members are encouraged to report incidents of this nature and other related matters to [Zoleka.ngebe@psa.co.za](mailto:Zoleka.ngebe@psa.co.za) or call the PSA Provincial Office on (047) 501 2500.

Members will be kept updated.

GENERAL MANAGER
