Update: PSA calls for 0% increase in GEMS subscriptions for 2022

The PSA is calling upon the Government Employees Medical Scheme (GEMS) to implement a 0% increase in membership fees for the 2022-financial year.

The matter will be tabled at the next PSCBC meeting for discussion and the PSA will canvass for a 0% increase and trusts that the GEMS Board will take note that public servants did not receive a decent salary increase this year. It is also noticed that some medical-aid schemes in the private sector are contemplating no increase in membership fees for the 2022-financial year.

Members will be informed of developments.

The PSA wants to take this opportunity to wish all employees who are unwell owing to COVID-19 a safe and speedy recovery.
