## Feedback: COGTA – GPSSBC Task Team Meeting

The meeting of the GPSSBC Task Team COGTA KZN, took place on 5 October 2021, and the following items were discussed:

### OHS

It was brought to the attention of the employer that it was not complying with the *OHS Act*, despite several written communications regarding the Ladysmith office that has not been cleaned since the retirement of the Cleaner in June 2021. In addition, officials were transferred from other offices to the Mayville office without proper process being followed. Those officials were forced to occupy dirty and uncondusive offices. The employer noted the concerns and committed to immediately investigate and rectify the matter.

### EPMDS – 2019/20

Labour enquired about progress regarding appeals lodged by members. The employer reported that it was aware of the matter and that it was at hand. The employer promised to provide feedback before the next meeting.

### Community Development Workers (CDW) uniforms

Labour enquired about uniforms for CDW workers as they have not received these this year. The employer committed to investigate the matter and report at the next meeting.

### Vooma Vaccination Drive

The employer informed labour of the vaccination drive in the Department and requested labour to encourage its members to vaccinate.
