## Update: Contract Workers Conversion

The PSA issued an *Informus* on the Department's decision to convert contract workers, by initiating their recruitment and selection processes. The PSA received correspondence from the employer, indicating that all positions will be advertised on 20 September 2021, giving employees an opportunity to apply for the advertised positions. The PSA's stance remains the same, in that we want no one to lose their jobs through this process so the PSA has requested an urgent meeting with the employer to get more clarity on the project plan and the protection of jobs.

The PSA therefore seeks a mandate from members, to indicate whether or not they accept the employer's proposal, to advertise all the positions for contract workers to apply. Kindly indicate with a yes or a no answer and/or provide an explanatory note. All correspondence should be sent to [Sibusiso.ndzala@psa.co.za](mailto:Sibusiso.ndzala@psa.co.za) and [Vinod.hariparsad@psa.co.za](mailto:Vinod.hariparsad@psa.co.za) by no later than **22 September 2021**.

Members are also encouraged to apply for these positions while the PSA waits for a meeting with the employer and the requested inputs (herein mentioned) from member's.

Members will be kept posted on the progress of this matter.
