

FOR PSA MEMBERS: LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

20-12-2021

Feedback: Bilateral meeting regarding implementation of new organisational structure without consultation held 12 December 2021

As previously updated, the process is underway and there will be several meetings before the actual migration to the new structure can be finalised, as according to the employer it may take about three years to be concluded. The PSA is part of this process to make sure that members are not disadvantaged during its implementation process.

The task team further discussed the approved placement guide based on relevant legislation. The discussion included the way forward in terms of the placement templates which members must fill when migrating to the new approved structure. The placement template will also prove that all affected and non-affected members were consulted during the migration process. The task team and the employer will start visiting all institutions for the roll-out plan, starting from 24 January 2022 to February 2022. It was agreed that chairpersons of different institutions be part of the meetings from January 2020 so that they can assist in the continuation of the roll-out plan to the different municipalities and service centers.

Members are reminded that the PSA is represented by Cde. Nong who can be contacted at nongmp@agric.limpopo.gov.za / 082 883 5847. The PSA provincial office can also be contacted for the attention of Patricia Matlhadisa at patricia.matlhadisa@psa.co.za / 076 983 9852 for any clarity.

Members will be kept informed of new developments.
