## COVID-19 positive cases

The PSA was alerted that five employees tested positive at Praktiseer Magistrates' Court whilst six other employees are awaiting results and are in isolation. At Sekhukhune Magistrates' Court, two officials tested positive with eight officials awaiting results. The situation demonstrates the importance of implementing the rotation system, which assists with decongestion of the workplace and where positive cases are experienced, the service is not totally disrupted.

The employer is commended for timeous communication, compliance with COVID-19 regulations in that track-and-trace was implemented, contacts isolated, and the workplace was disinfected.

The PSA wishes the infected employees a speedy recovery and strength to those awaiting results. Members are urged to constantly wear masks, sanitise or wash hands with soap, observe social distance, limit movements whilst on duty or away from work and avoid social gatherings and congested places. Members are advised that if they do not feel well, to immediately report this their employer and to obtain permission not to go to work. They must consult a doctor to be safe.

Shop stewards are urged to constantly monitor compliance with the COVID-19 regulations, OHS matters and address other workplace challenges. Where matters cannot be resolved, escalate these to the PSA Provincial Office at [queen.seema@psa.co.za](mailto:queen.seema@psa.co.za) or (015) 295 0500.
