

FOR PSA MEMBERS: OFFICE OF THE PUBLIC SERVICE COMMISSION (OPSC)

21-09-2021

Feedback: Special Departmental Bargaining Chamber (DBC) - 20 September 2021

Office accommodation

The employer reported that the maintenance processes at the various Provincial offices were on-going. The emergency lights on the stairs and backup generator are not working at National office and the DPWI was informed accordingly. The Department was still awaiting an occupancy certificate from the City of Tshwane. The PSA noted the report and requested that the task team must conduct an inspection at affected offices and report back at the next DBC meeting.

OPSC committees

The employer reported that the following Departmental committees are under review and labour would be invited to participate as social partners:

- COVID-19 Steerco
- HRD
- PMDS
- SHEQ
- Health and Wellness
- Sexual Harassment
- Employment Equity
- Job Evaluation committees

The PSA will submit the names of shop stewards for each committee before the next DBC meeting.

The PSA wants to take this opportunity to wish all employees who are unwell owing to COVID-19 a safe and speedy recovery.
