PSA welcomes SANBI employees who have joined the Union of Choice

The PSA would like to take this opportunity to thank and welcome members from the South African National Biodiversity Institute (SANBI) for joining the Union of Choice in large numbers. Thank you for placing your faith in the PSA.

The PSA promises to render world class services with qualified personnel to address any labour related matters at no extra cost. Members from all provinces are advised to also join a non-politically affiliated union by contacting any PSA provincial office near you. The PSA's Organising and Marketing officers will also be visiting your workplaces soon.
