

Important update: PSA Organising/Marketing Officers (OMO) areas split for enhanced efficiency

The PSA Provincial Office in the Free State is pleased to announce a reconfiguration of Organising/Marketing Officers' (OMO) structure to better serve districts and enhance overall efficiency. This strategic adjustment is designed to ensure that all members receive the attention they deserve, whilst also driving membership growth in key areas. Previously, OMOs were allocated based on municipal districts, which had advantages but also presented challenges in reaching some members effectively. The new structure is based on current membership distribution and growth potential across districts. By having OMOs work collaboratively in certain areas, the PSA aims to ensure comprehensive service delivery and stronger support for all members.
