BARGAINING COUNCIL (PHSDSBC) – GAUTENG**

26-09-2024

What is happening at Gauteng Emergency Medical Services (EMS)?

Overlapping hours

Members will recall that the PSA requested personal particulars to assist the EMS employees regarding the overlapping hours. The PSA received the particulars and submitted them to the attorneys for further handling. The matter is in the process of enrolment at the Labour Court.

This matter is also being discussed at the Gauteng Provincial Department of Health Multilateral and at the Gauteng Public Health and Social Development Sectorial Bargaining Council (GPHSDSBC). The matter is at an advanced stage on both platforms. The PSA urges its members not to believe the misleading voice note circulating on WhatsApp about this matter being discussed at another platform. Members will be kept informed about further developments after the provincial chamber meeting which is scheduled to take place on 3 October 2024.
