

FOR PSA MEMBERS: GENERAL 23/2024

13-12-2024

Festive season: PSA celebrates successful 2024!

The PSA, during 2024, continued making strides in protecting and promoting members' rights and interests, backed by a loyal and growing membership. The Union of Choice's legacy was strengthened by means of various campaigns. These included the critical need for employers to adhere to occupational health and safety standards. The PSA further gained organisational rights to represent employees at three additional employers. In addition, various landmark awards were secured for members. A host of satisfied members can confirm how the PSA stepped in to assist them in their individual workplace matters, including providing legal assistance where required.

The PSA continues to support the betterment of public services through various initiatives. In 2024, there was a focus on providing resources to clinics across the country to improve services to communities. In addition, life-changing corporate social investments benefited schools, police stations, and many communities, marking the PSA as a Union with Soul. The range of fringe benefits for members was also expanded.
