Urgent call on PSA members in North West to vote

The PSA calls upon all members in the public sector across North West Province to actively participate in the current voting process on government's revised salary offer for the 2025/26-financial year.

Your vote and participation are crucial

The PSA, as a mandate-driven Union, is committed to ensuring that members' collective voice is heard; therefore, your participation in this process is fundamental. To cast your vote, please use the following link: <https://bit.ly/3Acu0DU>. Voting deadline: **11 November 2024 at 15:00**.

It cannot be stressed enough how important it is to cast your vote, as it will affect negotiations and their turnout. In a time when the cost of living continues to rise and demands on public servants increase, it is essential to stand united. Voting gives individuals a voice in the democratic process, allowing them to influence decisions that affect their lives.
