31-03-2025

## Renewal of employment contracts for EMS interns

The PSA raised concerns with Gauteng EMS that the employment contracts for interns expire on 31 March 2025. This could lead to a disastrous staff shortage, which may hamper service delivery. Through engagement between the PSA and EMS management, it was resolved that the contracts for interns will be renewed for 01 April 2025. The interns will be asked to sign new contracts in due course.

The interns who are not members of the PSA are advised to join the PSA to ensure that their rights are protected and their interests are promoted.
