Eviction of Forensic Pathology Services at Diagonal Building

The PSA has raised concern with management of Gauteng Forensic Pathology Services regarding the movement of its employees without consultation with the PSA and other recognised trade unions.

The consultation process took place, and it was reported that 11 Diagonal Building, situated in the center of Johannesburg, has been declared by the Department of Employment and Labour as non-compliant with the *Occupational Health and Safety Act*. Consequently, all departments that were also accommodated in this building, such as COGTA and Human Settlements, were given eviction notices. The Forensic Pathology Services division, which consists of 63 employees, will relocate from Diagonal Building to 45 Commissioner Street, Liberty Building and will occupy the 5th to the 11th floor of the building.

The PSA will consult with members on 5 February 2025 before further consultations with the management of Forensic Pathology Services.

Members will be informed of developments.
