Feedback: North West PHSDSBC Annual General Meeting

The North West Chamber held an Annual General Council Meeting. It was highlighted that many agenda points were taking longer on the agenda. Organised labour complained that it was because the employer comes to the Chamber without having obtained a mandate. The meeting agreed to ensure that task teams and multilateral meetings are functional to make sure that the Chamber resolves more issues.

An election was held, and an employer representative, Leonard Choenemang, was elected Chairperson (unopposed), whilst Lebogang Mpati from the PSA was elected Deputy Chairperson (unopposed).
